

Charger supplied with FinePix S3 Pro recalled

Fuji Photo Products Company Ltd announced a charger supplied with FinePix S3 pro digital camera is defective, and owners should stop using the charger immediately for safety reasons.

According to the Electrical and Mechanical Services Department, the charger, model number BCH-NH2, fitted with two-pin plugs was found not in compliance with the relevant safety requirements of the Electrical Products (Safety) Regulation and may pose potential risk of electric shock to users.

Owners should return **the charger's two-pin plugs power supply cable** to the Company promptly for replacement. For details, please call our customer hotline (852) 2406 3216.
